

# Mockup Review

**Creative Director-** Sophia Marlin

**Designer-** Grayce Cooper

## Notes

- Color palette looks great! Visual identity of site works really well and feels cohesive with the design inspiration
- Mockup B works better in functionality
  - Navigation bar clearer to read than in Mockup A
  - Translates well between laptop and mobile view
  - Accounts for scrolling/varying text block sizes
- Possibility of integrating design elements from Mockup A into the final design
  - The drawn icons of yarn, hooks, etc.
- Will probably use Mockup B as the basis for the website
